PROCLAMATION BY THE GOVERNOR
CONVENING THE LEGISLATURE IN FIRST EXTRAORDINARY SESSION

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA

PROCLAMATION

WHEREAS, an extraordinary occasion has arisen and now exists requiring that the Legislature of the State of California be convened in extraordinary session; now, therefore,

I, RONALD REAGAN, Governor of the State of California, by virtue of the power and authority in me vested by Section 3 of Article IV of the Constitution of the State of California, do hereby convene the Legislature of the State of California to meet in extraordinary session at Sacramento, California, on the fifth day of September, 1967, at 2:00 P.M. of said day for the following purposes and to legislate upon the following subjects:

To consider and act upon legislation relative to areawide support of school districts in territory in which an unsuccessful unification election was held, and to school district override taxes to finance corrective measures relating to fire and panic safety.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 2d day of September, 1967.

[SEAL]

RONALD REAGAN
Governor of California

[ATTEST]

STATUTES OF CALIFORNIA

PASSED AT THE 1967 FIRST EXTRAORDINARY SESSION
OF THE LEGISLATURE

CHAPTER 1

An act to add Section 15517 to, and to amend Section 17702.2 of, the Education Code, relating to school district taxation and support, and making an appropriation in connection with the apportionment of moneys from the State School Fund, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 11, 1967. Filed with Secretary of State September 11, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 15517 is added to the Education Code, to read:

15517. The governing board of a school district may undertake corrective measures relating to fire and panic safety recommended to the governing board pursuant to Section 13143 of the Health and Safety Code by the State Fire Marshal in connection with any school building under the jurisdiction of the governing board without compliance with the procedures otherwise prescribed by this article.

The maximum rate of tax of any school district for any school year is hereby increased by such amount as will produce the amount necessary to effect the corrective measures recommended by the State Fire Marshal, as provided in the preceding paragraph, as shown by the budget of the district for such school year, as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from revenue from the increase in the rate of tax provided by this section.

The increase provided by this section shall not exceed ten cents (\$0.10) for each one hundred dollars (\$100) of the assessed valuation of property within the district in each fiscal year.

If at the end of any school year, there remains an unencumbered balance derived from the revenue of the increase in tax rate hereby provided, such balance shall be used exclusively in the following school year for expenditures of the school

district during that school year required for purposes of this section.

This section shall remain in effect until July 1, 1969.

SEC. 2. Section 17702.2 of the Education Code is amended to read:

17702.2. The Superintendent of Public Instruction shall compute the areawide aid to be utilized in determining state apportionments to be made for the support of elementary school districts and high school districts with respect to which an areawide foundation program is computed under Article 2.5 (commencing with Section 17680) of this chapter. Areawide aid shall be the amount which a tax levied on each one hundred dollars (\$100) of 100 percent of the assessed valuation for the current fiscal year, modified where necessary pursuant to Section 17262, of the area comprising all of such elementary school districts and all of such high school districts would produce, if levied, if such tax were: (a) in the case of the elementary school district area, the rate prescribed for elementary school districts by Section 17702; and (b) in the case of the high school district area, the rate prescribed for high school districts by Section 17702.

If the Superintendent of Public Instruction finds that the difference obtained by subtracting the areawide aid as computed under the above provisions of this section from the areawide foundation program is less than the product obtained by multiplying the average daily attendance used for foundation program purposes by one hundred twenty-five dollars (\$125), he shall reduce the areawide aid to an amount which, when added to such product, will equal the amount of the areawide foundation program.

SEC. 3. Section 1 of this act shall be deemed operative for the entire 1967-1968 fiscal year as though the same had been enacted into law and become operative on July 1, 1967, and as though Section 15517 of the Education Code had not been repealed by Chapter 735 of the Statutes of 1967.

The inclusion in the budget of any school district for the 1967-1968 fiscal year of proposed expenditures for the purposes specified in Section 15517 of the Education Code is hereby ratified, validated, and confirmed.

The governing board of any school district may, on or before September 15, 1967, certify to the county superintendent of schools, the county board of supervisors, the county auditor, and the county tax collector, an amount to be added to the budget of the district for the 1967-1968 fiscal year and to be provided for in the levy and collection of school district taxes for such fiscal year, for the purposes, and subject to the limitations, specified in Section 15517 of the Education Code.

On or before September 22, 1967, the board of supervisors shall, for purposes of the levy and collection of school district taxes for the 1967-1968 fiscal year, increase the rate of school

district taxes for any school district, the budget of which includes a proposed expenditure for purposes of Section 15517 of the Education Code, or the budget of which has been augmented pursuant to this section by such a proposed expenditure. The increase in rate shall be in an amount necessary to produce the amount of the proposed expenditure.

SEC. 4. Of the amount transferred from the General Fund in the State Treasury to the State School Fund in the 1967-1968 fiscal year for purposes of subdivision (f) of Section 17303.5 of the Education Code, there is hereby reappropriated the amounts thereof allocable as basic state aid and state equalization aid for those school districts for which an areawide foundation program is computed pursuant to Section 17680 of the Education Code. The amount so reappropriated shall be determined and shall be allowed and apportioned to the districts by utilizing, for purposes of the computation prescribed by Section 17702.2 of the Education Code as amended in Section 2 of this act, an areawide aid computational tax rate of one dollar (\$1) for elementary school districts and eighty cents (\$0.80) for high school districts. Such areawide aid computational tax rates of one dollar (\$1) for elementary school districts and eighty cents (\$0.80) for high school districts shall be operative for all purposes, and on the effective date of this act, notwithstanding the provisions of Section 29100 of the Government Code, tax rates fixed by application of Sections 20912 and 20930 of the Education Code are adjusted to the extent required for purposes of levying and collecting school district taxes and areawide school support taxes for the 1967-1968 fiscal year. Each county superintendent of schools shall, on or before September 15, 1967, determine the areawide aid amounts applicable, pursuant to this section, with respect to each school district territory under his jurisdiction for which an areawide foundation program is computed pursuant to Section 17680 of the Education Code, and shall certify the same to the county board of supervisors and the county auditor. On or before September 22, 1967, the county board of supervisors shall determine the extent of any adjustments to be made pursuant to this section in the rates of areawide school support taxes and school district tax rates, and shall fix such rates for purposes of the levy and collection of taxes for the 1967-1968 fiscal year.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the urgently needed increase in maximum school district tax rates afforded by this act to finance fire and panic safety corrective measures may be availed of at once for purposes of the levy and collection of school district taxes for the 1967-1968 fiscal year, and in order to align the areawide

school tax support mechanism to the greatly increased state support for the public schools provided for in Chapter 1209 of the Statutes of 1967, and to carry out the intent and purpose of the Legislature in the enactment of the said Chapter 1209, and to enable state and local fiscal authorities to effectuate the alignment in connection with apportionment and disbursement of state school support moneys and the levy and collection of local taxes for school support for the 1967-1968 fiscal year, it is essential that this act take effect immediately.

OF THE LEGISLATURE

CHAPTER 1

Senate Concurrent Resolution No. 1—Relative to final adjournment of the 1967 First Extraordinary Session of the Legislature.

[Filed with Secretary of State September 8, 1967]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the 1967 First Extraordinary Session of the Legislature of the State of California shall adjourn sine die at 5 p.m. on September 7, 1967.

CHAPTER 2

Senate Concurrent Resolution No. 2—Relative to a study of mycotic diseases.

[Filed with Secretary of State September 8, 1967]

WHEREAS, The existence of mycotic diseases poses both a personal and economic threat, not only to the San Joaquin Valley but to the entire state; and

WHEREAS, Significant research has been initiated by various persons and institutions but further intensive and coordinated studies need to be undertaken; and

WHEREAS, The medical profession in the United States looks to California for guidance and assistance in coping with this problem; and

WHEREAS, There is currently no formal organization for the correlation of research in this field of medicine; and

WHEREAS, A center for the study and treatment of mycotic diseases might enable the state to secure the assistance of the National Institutes of Health for research purposes; and

WHEREAS, The location, facilities and staff of the medical school of the University of California at Davis provide a unique opportunity for a study of mycotic diseases in an indigenous setting; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Members urge and request the Regents of the University of California to investigate the feasibility of establishing a center for the research and treatment of mycotic diseases at the University of California at Davis medical school; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit a copy of this resolution to the Regents of the University of California.

BILL CHAPTERS

Ch. 1 (SB 1) TEALE Adds Sec. 15517, amends Sec. 17702.2, Ed.C., re school district financing.

Provides for an increase of not to exceed 10 cents in the maximum rate of school district taxes for fiscal years through 1968-1969, to permit districts to take corrective measures for fire and panic safety in school buildings. Makes necessary provision authorizing the increase in maximum tax rates to be availed of, and necessary taxes to be levied and collected in the 1967-1968 fiscal year.

Reappropriates amounts allocable as basic state aid and state equalization aid for the 1967-1968 fiscal year for school districts for which areawide foundation programs are computed, and requires allowance and apportionment thereof under computations utilizing areawide computational tax rates of \$1 and 80 cents, for elementary school district and high school district territories, respectively, rather than rates of 60 cents and 50 cents.

Fixes areawide computational tax rates at same level as district aid computational tax rates.

Requires adjustment and fixing of new areawide and school district tax rates for the 1967-1968 fiscal year, to align local tax support with the changes in state subventions.

In effect immediately.
